PAPER CUP

The image shows several white paper cups scattered across a light brown, textured background. The cups are shown from various angles, some upright, some tilted, and some lying on their sides. The lighting is soft, creating subtle shadows and highlights on the paper's surface.

The **eco friendly disposable paper cup** is the main product in our factory, it's **compostable and biodegradable**. In addition to the paper cup itself, there are also supporting environmentally friendly and biodegradable products, such as PLA paper caps, which are all designed to be used in conjunction with environmentally friendly paper cups. Our paper cups also accept customized services.

PAPER CUP

Our paper cups are made of durable paperboard with PLA /Water-based coated, which is **biodegradable**, **compostable** and **ecofriendly**. Customized logo and design available.
